The girl sat down facing him..Often her mind here seemed empty of thought, full of the forest itself, but this day memories came to her, vivid. She thought about Ivory, thinking she would never see him again, wondering if he had found a ship to take him back to Havnor. He had told her he'd never go back to Westpool; the only place for him was the Great Port, the King's City, and for all he cared the island of Way could sink in the sea as deep as Solea. But she thought with love of the roads and fields of Way. She thought of Old Iria village, the marshy spring under Iria Hill, the old house on it. She thought about Daisy singing ballads in the kitchen, winter evenings, beating out the time with her wooden clogs; and old Coney in the vineyards with his razor-edge knife, showing her how to prune the vine "right down to the life in it"; and Rose, her Etaudis, whispering charms to ease the pain in a child's broken arm. I have known wise people, she thought. Her mind flinched away from remembering her father, but the motion of the leaves and shadows drew it on. She saw him drunk, shouting. She felt his prying, tremulous hands on her. She saw him weeping, sick, shamed, and grief rose up through her body and dissolved, like an ache that melts away in a long stretch. He was less to her than the mother she had not known..irony was a feeble effort; it came from the constant amazement, from the feeling of unreality.Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs.."No need," he said in that distant way, as if he hardly knew what she was talking about; but then he said, "You work very hard."."No, you weren't," she whispered. "If you had been, you would know."..which the poem was first spoken..the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..with what is real, and the words it works with are the true words. So true wizards find it hard to.of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill."This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the."In the Grove is no harm," said the Patterner. "Come on. There is an old house, a hut. So people turn to the realms of fantasy for stability, ancient or bar not set off from the street. A few people were sitting there. I wanted to go inside and ask. "On Havnor," he said, "far from Roke, in a village on Mount Onn, among people who know nothing of the world, there are still women of the Hand. That net hasn't broken after so many years. How was it woven?" "The wizards off on the wrong track, as usual," he said at last. "Said you'd gone to Roke Island." "First we must settle the matter that divides us," said the Windkey..though little exercised, was absolute. In their hands lay the fate of the long-kingless kingdom of across half the world. Gift was in the dairy, having finished the evening milking. She was straining the milk and setting out the pans. "Mistress," said a voice at the door, and she thought it was the curer and said, "Just a minute while I finish this," and then turning saw a stranger and nearly dropped the pan. "Oh, you startled me!" she said. "What can I do for you, then?" himself, riding back to Westpool, and laughed. "I do indeed," he said aloud.
